PROFESSIONAL EXPERIENCE

UAT Tester

SLI Consulting Inc. | Taguig, Philippines | February 2025 – July 2026

Project / Client: BDO Unibank – BDO Enterprise Service CRM

- Review business requirements, functional specifications, and design documents to ensure testability and completeness.
- Develop UAT test plans, test cases, and test scripts based on business requirements.
- Execute tests, log defects, verify fixes, and perform regression testing with IT and business teams.
- Validate data integrity and functional accuracy across multiple systems and interfaces.
- Track and report testing progress, issues, and risks to UAT leads and project management.
- Ensure testing aligns with quality standards, compliance policies, and information security protocols.

Manual Tester

Collabera Digital | Makati, Philippines | April 2024 – October 2024

Project / Client: BDO Unibank – BDO Online Web & Mobile

- Planned and coordinated functional testing for assigned projects based on delivery requirements.
- Executed tests, documented results, and tracked defects in coordination with business and IT teams.
- Maintained testing documents including test cases, test plans, and reports.
- Reported defects and testing results promptly and collaborated with stakeholders on solutions.
- Provided testing expertise and support to project stakeholders.

Solutions Developer / QA Tester

Lenovo PCCW Solutions | Pasig, Philippines | September 2022 – December 2023

Project: HKT RUBY – Salesforce platforms

- Performed manual testing and Salesforce integration testing for CMT-related applications.
- Created comprehensive test cases and maintained test assets in TM4J.
- Reviewed requirements, specifications, and wireframes and provided timely feedback.
- Conducted peer reviews of test cases and provided actionable comments and suggestions.
- Identified, isolated, and tracked defects using JIRA.
- Communicated with domain owners and business analysts regarding functional requirements.

IT Project Lead

Ecash Pay Asia Inc. | Quezon City, Philippines | July 2022 – September 2022

Project: Unified V3 and related e-commerce / digital services

- Led IT projects from initiation through completion while monitoring timelines, resources, and risks.
- Defined project scope, objectives, and deliverables with stakeholders.
- Developed project plans covering timelines, resource allocation, and risk assessment.
- Coordinated cross-functional teams and resolved project issues to keep milestones on track.

Head of Quality Assurance

Ecash Pay Asia Inc. | Quezon City, Philippines | June 2021 – July 2022

Project: Market Place, Bills Pay, Insurance, E-Loading, Hotel Booking, Ticketing, GoCab, and Unified V3

- Oversaw project quality activities in accordance with established timelines.
- Designed and developed test cases and other QA documentation.
- Analyzed QA reports and data to identify trends, patterns, and potential quality issues.
- Conducted root cause analysis for recurring issues and discrepancies.
- Set deadlines and distributed work assignments to support project delivery.

Software Quality Assurance Tester

Ecash Pay Asia Inc. | Quezon City, Philippines | August 2019 – May 2021

Project: Market Place, Bills Pay, Insurance, E-Loading, Hotel Booking, Ticketing, GoCab, and Unified V3

- Created and executed manual test cases and analyzed test results.
- Performed functional and integration testing across digital products and services.
- Reported and documented defects and technical issues and supported resolution activities.
- Worked with cross-functional teams throughout the software development lifecycle.

Game Tester

Kings Solutions | Quezon City, Philippines | January 2018 – July 2019

Project: Kings Ran Online

- Created and executed detailed manual test cases and analyzed results.
- Reported and documented bugs and technical issues.
- Collaborated with cross-functional teams to support software quality throughout the development lifecycle.
- Supported testing strategies, test planning, and project documentation.

EDUCATION

Bachelor of Science in Information Technology — STI College Fairview, Quezon City | 2019
